

ACID DYE Wool Colors and Combinations

Sign up on the Spreadsheet found at: <http://bit.ly/Acid-Dye-SignUp>

Instructions: You will work with a partner to dye 4 balls of yarn total. Use the niddy-noddy to turn your balls into skeins before dyeing the yarn. Dye 2 balls in one color and dye the other 2 balls a second color. Select their two colors from the list below and sign-up for the 2 colors by going to the online spreadsheet. (This way everyone can see which colors have been selected and which are available.) Everyone will share all the yarns we dye together. Hang the yarn to dry in the drying area in the back room of A5. When the yarn is dry, use the umbrella swift and ball winder to wind the dyed yarn back into balls to bring to class.

REMEMBER: Each ball of yarn weighs 100 grams

* Indicates a primary dye color we are using. Dyes can be combined to create a wide range of colors.

Dye	Sign Up
Brilliant Blue - WF490 *	Jen & Jackie
Turquoise - WF478 *	David + Avery
Bright Red + Turquoise (50/50)	Group 4 in class
Bright Red + Turquoise (25/75)	Ashley + Cereus
Bright Red + Turquoise (75/25)	Joseph + Echo
